Leave aside the fact that this whole Kirk psychodrama is very likely totally false

This guy makes some important points

I have highlighted some in bold below

This article is not advocating violence or any illegal activity. But it is advocating that nationalists take the win.

Charlie Kirk was a traitor against his own race. He argued America was “just an idea”, a set of “values” that any foreign hoards of cheap labour could come and replace. He was paid by Jewish billionaires to sell-out his own nation and replace its European foundational stock with the third world.

Kirk was also a traitor to his supposed Christian faith. He promoted false doctrine of dispensationalism and “Christian Zionism”, a term hardly used before 1990, that has led to white countries fighting and dying in various wars for Israel. Kirk was a paid Israeli-agent funded by the very people Christ whipped and threw out of the temple. On various occasions Kirk defended the Talmud, the Jewish “Book Of The Rabbis”, that blasphemed Christ and said all non-Jews shall be slaves.

Kirk also embraced the LGBTQ agenda appearing live on stage at his Turning Point USA events with drag-queen “Lady MAGA” and black homosexual influencer Rob Smith who had previously promoted gay-sex hookup phone apps. His broad coalition of MAGA included almost anyone .. apart from you. Nationalists were not allowed and anyone asking a serious question in Kirk’s audience was removed from the premises.

Kirk was an apologist for the worst plutocratic extremes of capitalism. His donors were largely Jewish billionaires and the Koch brothers. His God was not Jesus Christ but the market itself. Pretty bad timing when you consider that the working man is being crushed and often cant afford a home or family.

The biggest enemy of nationalism is organised Jewish power. Kirk worked on behalf of organised Jewry to lie and cover up Jewish war crimes in Gaza, a genocide and the worst killing of women and children we seen since WW2. The Jewish bloodlust for cruelty has meant bombing an entire city to rubble, herding survivors into a camp, blocking their access to food, starving them and then bombing or shooting them as they attempt to access food relief. Or killing people when they attempt to retrieve a dead family member for burial. Kirk covered-up and diminished these atrocities because he was a paid agent working on behalf of the biggest lobby in Washington – The Jewish Lobby.

Nationalists are having a feminine reaction to Kirk’s death and are oblivious to both the fact we are at war and who our enemies really are. The biggest enemy of real patriots is not the left, but is instead the center-right. The phonies, fakes, traitors and false opposition bought and paid for by our enemies. And yet too many so-called nationalists have been dragged back into being cuckservatives, attempting to defend Kirk’s honour, wasting energy in an online dialectic with the radical left. Apparently the left has been making jokes about Kirk’s death and many formerly free-speech-warrior edge-lords have become snowflakes overnight in response. Kirk’s death and manufactured martyrdom has triggered the right-wing’s inner retard. We simply lack friend/enemy distinction and are stone cold losers for it.

Conservatives are emotionally manipulated into taking losing positions. Watch this video to understand why.

Try not to get emotionally manipulated by the slop-machine into caring about one of your political enemies being snuffed-out. As a traitor, he was compensated greatly with millions of dollars, 3 mansions and free travel around the world to subvert your religion, cripple your economy, and aid your racial genocide. He was an intellectual mercenary who went in at his own risk. We are so domesticated that despite the violence on our own streets, let alone what we are cyclically dragged into overseas – we cannot comprehend that we are in a time of war. Instead, Kirk has become "the latest thing" and we morn this traitor simply because he was an e-celeb pushed by the algorithm. Ask yourself, are you a revolutionary or a reformer? A reformer thinks they can fix a rigged system from the outside through negotiating with the occupying enemy to hand over power. A revolutionary wants the system taken down and to take power at almost any cost.

"Oh but the killer was a leftist" you might say. So what? If they want to go and do something where you benefit – take the win. The political climate would be better if traitors felt there might be consequences for their behavior. I am in no way advocating for any violent or illegal actions. But look at what the radical left has been doing – they killed the CEO of the biggest and most parasitic private health insurance company. Then they gunned down two Zionist Jews who worked to drag the west into more Zionist wars. Now they have killed the man whose purpose is brainwashing college students into Zionism and their own racial replacement. Its like the left are the only ones taking "Day of the rope" seriously.

If you are in the dissident right and want real change, what has happened in the last week is nothing compared to what is likely to come. America and other increasingly dysfunctional western countries have enjoyed relative stability for some time. But democracy has been exposed as a sham that's now unable to deliver and its on a downward trajectory impossible to reverse. People like Kirk were put forward by the system as a sort of pressure valve for dissent and to prevent you from regaining sovereignty. You might think co-opting cuckservative energy on this issue will bring support for radical nationalism but it wont. Its just you who is being co-opted.

Some have commented that "Kirk was changing, he was learning more and getting based". Lol .. No he wasn't. He was just moderating his message as a form of containment because all his young followers were leaving him. Like many kosher-conservative who work for The Daily Wire etc have been doing. He started using a few vague nationalist talking points to try and keep college kids onboard who were fleeing the ship. Threw a few bones. This is just the establishment appropriating nationalist talking points to keep people invested in the system. Jonathan Greenblatt of the Jewish ADL has pointed out that antisemitism isn't a right/left concept, its actually an age issue. The young are quickly embracing anti-Zionism and directly challenging Jewish power. Hence Kirk's job on college campuses was to keep conservatives from being radicalised into true nationalists. Jewish investors are poised to take an 80% stake in Tiktok's new American entity for the same reason. The system also needs white boys back into the military and is therefor shifting its message from woke to phony-populism through advertising. Do not be so easily duped. There has been no shift in who is in charge.

Charlie Kirk is being deceptively edited to make him seem more radically right-wing and nationalistic than he was.

When I see a leftist protesting Israel, I see someone who is half right. Morally, they are correct on this issue and are often doing a better job of challenging Jewish power than the right. They even get a few economic things correct too. But obviously they are wrong about a whole lot and largely seeing the world through a Jewish prism of critical theory they picked-up at University. Once they realise its not just Gaza that is occupied, but the entire west and even their own minds – they can change. Young people are fluid, have greater neuroplasticity and more potential for radicalism. Many nationalists were once leftists. And that's the danger of this false left/right dialectic, the citizens are left to fight it out while the globalist plutocrats at the top have no threat to their power. Political energy is spent with nothing left for the real enemy. I'm not suggesting that defending yourself from left-wing violence or holding territory against them is a bad thing. But being put in a position as a nationalist of defending Charlie Kirk is retarded.

The Jews are working hard to turn every patriotic movement into a Zionist one. We can see this on various fronts globally. And because Jews fund and organise most left-wing activity, they have successfully turned all pro-Palestinian marches gay by combining it with LGBTQ issues and in Australia's case Aboriginal activism. Therefor its become red-meat for any smooth-brained Tommy Robinson-tier patriot to get angry about. This is intentional sabotage of the anti-war movement by Jews. You could call it cringe-jacketting. What you need to understand is that Jews are not ideological beyond doing whatever benefits them at any given time. They don't believe in left/right – they only believe in their race and that's why they succeed.

Lets look at some of the contradictions. In Australia, the millionaire tax-lawyer Mark Leibler was the main architect of the Aboriginal Voice To Parliament and supporter of various leftist causes. Hes also Jewish and a fierce advocate for Zionism who actively lies and covers up gruesome war crimes by Jews. Harry Triguboff was the biggest funder of

our supposed right-wing opposition Liberal Party last election. Yet Triguboff is an advocate for open boarders because hes a housing developer that is profiting from 3rd world immigration. And like most Jews, Triguboff enjoys whites becoming a minority in their own country. Look at Neo-conservatism itself, the political force behind going to war with Iraq and recent attempts to push America into war with Iran. They weren't just Jewish, but also Trotskyist leftists who suddenly called themselves "conservatives" because they had more to gain by exploiting American jingoism for their Zionist cause. Jews don't get trapped in simplistic left/right dichotomies like flies in honey and neither should you.

The Israeli military has already exploited Charlie Kirk's death by scrawling his name on Merkava tank shells to be used in Gaza.

Jews are well-known as shapeshifters for changing their personal names to fit in unnoticed. But you better be ready for whats coming, or frankly, might already be here: "Kosher-antisemitism". Several years ago, political commentator Jazzhands McFeels from the TRS Network proposed the idea that as the world turns on the Jews and wants sovereignty, the system will offer a kind of safe and controlled antisemitism to divert political energy from real nationalism. We have seen this already to some extent within white nationalism and its "I don't care about either side" defacto Zionism in regards to Israel/Palestine. Its also found in Darryl Cooper's safe holocaust revisionism as a controlled-burn of the issue.

But Kosher-antisemitism can best be seen in the myriad of small twitter shill accounts posing as white nationalist with various new-speak arguments as to why we should just ignore Jewish behavior and subversion. The Jewish commentator known as Bronze Age Pervert has appropriated various fascist aesthetics to sell you degeneracy and Zionism. Jewish comedian Dave Smith has been wheeled-out to advocate for the anti-war movement and keep it safely within the confines of Israel having a right to exist and his own libertarian anti-nationalist politics. Quite hilariously, a Jewish woman in Australia named Celina Di Veroli has even started wearing the uniform of the National Socialist Network (A Helly Hansen jacket) and using far-right talking points to weasel her way into nationalism on behalf of the Jewish media and political networks she is involved in. She has since worked hard to have her previous life writing for the Australian Jewish News and appearing on Jewish Zionist radio scrubbed from the internet.

The right-wing used to make fun of those who jumped on the bandwagon of "the latest thing". We would see people being emotionally manipulated and laugh at them. Now we are expending worthless energy defending a traitor simply because he wrapped himself in stars and stripes. Right-wingers are now calling for a more civil discourse and the Trump administration is ready to roll out tougher Orwellian Palantir surveillance on its citizens. American Attorney General Pam Bondi has already said she will crack-down on "hate speech" in response to this Kirk shooting. I'm not advocating or supporting any violent or illegal action. But don't get sucked into this false dialectic, by holding-up Kirk as a martyr, the system is using it to take away your political energy and agency.

Pam Bondi talking about cracking down on "hate speech" after the Charlie Kirk shooting.
